

Sampson is to be located with his people on the  
Clark farm - Louis and Jo of the Santaw  
bands and their people are to be located on  
the Sargent farm and the other bands of  
the Upper Milkmaid - such as the Mohawk,  
Mumpilly - Chaptin - Tesoga &c on the Davis  
John Sprague and Henderson farms

perhaps they had to my letter  
to Raymond by the steamer

be cousins and not a firm individuals  
to extensive tract and so arranged to  
bottom and hill land as to Jim Cook  
man as new an equal share as possible  
In these arrangements confer with Mr  
Jeffers the Superintendent of Forestry operations

The Newburn farm I think had  
better be kept as a private game preserve  
east of the - at present at all events

The Maples will start on Monday  
next - The working horse will be  
used ultimately by Michael head chief of the  
Maples and the road horse by old  
Sif of that band - and Meets I am  
except one of the Cooper horses until

The moolay horse he basered by Layton  
on the way he put in possession of the judge  
springer house on school house and of good  
a piece of land in that quarter.

Mr. Platt will in all probability be there  
with his family and some arrangement must  
be made for a house.

Sayre July 4<sup>th</sup> 1856.
