

Office Supt Ind Affairs
Dayton O. Apr 8th 1856.

Dear Sir

Bill the person named in this old order desires me to interfere in behalf of what he claims as his right - he alleges that forty dollars was borrowed of him and twenty dollars only has been paid - that some arrangement was made by you by which he was to have been paid from the proceeds of a boat or boats at Casons ferry - but that a fresh in the trim took the boats adrift - and that the amount is justly due him

This account has been so long standing that it is possible something may be wrong about it - You will be able to understand the whole matter and if you satisfied will deal justly with the claimant

I have the honor to be dear sir

Your obt servant

Loel Palmer
